

Special thanks

I'd like to thank American Tree Service, owned and operated by Bill Dixon since 1988, for the outstanding work they did for our neighbors and us.

We hired them to cut down some trees and remove several large piles of wood debris and old shakes.

They not only did the work well, their clean-up was immaculate, probably beyond what we hired them to remove. Bill and his sons did an outstanding job.

We would highly recommend American Tree Service. Their work is the best.
